ST. GEORGE — Annette Everett's aptly named "Contemplation" evokes feelings of introspection and tenderness.

The quiet scene of a woman pondering the beauty of a stream encourages viewers to reflect on the wonders in their own lives.

Everett is a local artist; her work is usually considered traditional, representational, and realistic. "Contemplation" is located

north of the Social Hall on Main Street. Price: \$9,000.

"Contemplation" is part of Art Around the Corner, a not-for-profit outdoor arts project in historic downtown St. George. Nationally renowned artists from the intermountain west and beyond loan their sculptures to this exhibit for a year at a time.

For information on how to purchase this or other Art Around the Corner sculptures, visit www.artaroundthecorner.org or contact Steve Kemp at 313-7007.
